Making a difference

We strive for excellence. We make a difference by setting standards and empowering our membership and our staff through personal development and lifelong learning.

We recognise that patients' best interests underpin everything we do.

Behavioural competencies

The RCR's Competency Framework defines the behavioural competencies required from all staff to contribute effectively in their role and within the wider organisational team.

Communicating effectively

The success of the College depends on how it communicates with its membership and other stakeholders. Employees need to know their audience(s) and communicate with them in a way which meets stakeholder needs and expectations as far as possible.

Working together

The College's effectiveness and reputation depends on efficient and collaborative working, both within and beyond the team. This includes all employee colleagues, Officers, other Fellows and members and often others outside the College.

Personal effectiveness

The College is most effective when employees take ownership of their work, understand the context of that work, deliver effectively to achieve required results and demonstrate a positive attitude to taking on additional responsibilities or learning new skills.

Customer focus

We should all provide excellent services to all customers but notably to the membership and staff colleagues. Focusing on those and other customers, and understanding and responding appropriately to their needs, is key to the success and sustainability of the College.

How we value our people

Benefits

We offer all our employees a fantastic range of benefits to help you enjoy a great work-life balance, look after your wellbeing and plan for the future.

A modern and welcoming working environment

We've made sure our office in a prime central London location is a destination people want to come and work in – it's open-plan and spacious, with areas for meetings, collaborative working and concentrated workspaces. We also have kitchen facilities well-stocked with plethora of teas and two very fancy coffee machines for everyone to use

There are lots of things going on when you come in too, including learning and development sessions with doctors talking about their work, tea and cake get-togethers, free massages monthly and monthly town hall meetings where staff can share updates and ask questions. We even have our own social committee and organise regular fun events, which are a great way for you to get to know your co-workers.

Excellent pension scheme and life assurance

We like to help our staff save for the future and provide an excellent employer pension contribution. We also have a life assurance and personal accident policy which covers all employees up to four times their annual salary.

Hybrid working

At the RCR we only hire great people, and we value being able to bring everyone together to bond, build great working relationships and

generate amazing and innovative ideas.

We embrace remote working, and our staff are able to work remotely for up to 60% of their working time, with 40% in the office. All staff are provided with a laptop to allow them to work remotely, along with equipment such as desks and chairs to make sure they're comfortable when working from home. Our offices are open throughout the working week though, and staff are always welcome to come in as often as they wish.

Wellbeing support

We like to make sure everyone at the RCR is supported, both professionally and personally, so in addition to our excellent line managers and supportive HR team, we've invested in training a number of dedicated staff members passionate about mental Health as Mental Health First Aiders. We also provide an Employee Assistance Programme, that's has a 24/7 helpline so if you ever have any personal problems or concerns, there's always somewhere to turn for help and advice.

Generous annual leave allowance

Working hard is important, but taking a break matters just as much. Everyone starts with a 25-day annual leave allowance per year and that increases with service too.

Interest-free season ticket loan and cycle to work scheme

To make sure you're able to get into the office in the way that best suits you we offer all staff the option to take out an interest-free season ticket loan to help cover the cost of travelling, as well as a cycle to work scheme for those of us who like to be more active on their commute. If you

do choose to cycle in, we have somewhere safe to leave your bike and showers to use if you want to freshen up before work.

Festive spirit

We know taking a break at the end of the year is important to our team. To ensure everyone gets a well-deserved rest to spend time with loved ones, we usually close our office between the Christmas and New Year period – gifting the extra days off to all staff, in addition to their usual annual leave.

Making a real difference

In addition to all the great benefits we've listed above, we believe the main reason people want to join the RCR is because you also get to go to work knowing your role has an impact on the lives of doctors and patients.

Equality and diversity

Every day, our colleagues are making a difference by helping to improve imaging and cancer care for all. This starts by having the best talent, and that is only possible with a diversity of thinking, diversity of background and experience, and diversity of skills.

Diversity means better ideas, better solutions and more innovation. It's why one of our key priorities is to ensure our workforce reflects the communities we serve.

We're committed to creating an inclusive workforce and working environment for us all to enjoy – where everyone is able to bring their whole self to work to create change and reach new heights of creativity.

You can find our equality, diversity and inclusion commitment **here** as well as our equality and diversity policy **here**.
